

Imanbek, Cher Lloyd, Baddest

So you think you know what bad is
Bad is
But baby, i am the baddest, baddest
Take you another planet
Planer
Higher than the sun

Say you gotta couple habits, habits
Let me be the baddest, baddest
Got you crazy cause i am batshit
But we could have some fun

Sorry, if i break your heart
Sorry if i key your car
Sorry if i leave a scar
Clowing at your back too hard

Sorry if i blow your mind
Sorry, i could go all night
Don;t sat i didn;t warn ya
Boy i warned ya
Boy i warned ya

With mt red dress
Matching with the lipstick
Make you go ballistic
I see it in your eyes

So you think you know what bad is
Bad is
But baby, i am the baddest, baddest
Take you another planet
Planer
Higher than the sun

Say you gotta couple habits, habits
Let me be the baddest, baddest
Got you crazy cause i am batshit
But we could have some fun
