

# Imany, Pray For Help (Un Gospel Pour Madame feat. Tété)

I Pray for your help  
I Pray for your help  
I Pray for your help  
Not anything else  
I Pray for your help  
Do you hear anything?  
I'm standing on my knees  
I lack the discipline  
It's not I don't believe  
Show me just anything  
I need to feel the dream

But at times  
I'm scared  
I leave my hair on top of my head  
All I want is to surrender  
So I can finally rest  
I trust my faith  
I don't have anything else  
All I want is to surrender  
So I can finally rest

I pray for your help  
It's not always easy  
I just tend to forget  
You're real as gravity  
Cause wherever you see  
Catastrophe appears  
I hope you understand

But at times  
I'm scared  
I leave my hair on top of my head  
All I want is to surrender  
So I can finally rest  
I trust my faith  
I don't have anything else  
All I want is to surrender  
So I can finally rest

I pray for your help  
Do you hear anything?  
I'm standing on my knees

But at times  
I'm scared  
I leave my hair on top of my head  
All I want is to surrender  
So I can finally rest  
I trust my faith  
I don't have anything else  
All I want is to surrender  
So I can finally rest
