

Immortal, Wrecking Ball (black metal version)

We clawed
Our dark hearts in vain
We ride
Never asking why
We battled
I feel under your demonizing spell
The ancient gods
No one could deny
Don't you ever say
The legions marches on
I will eternally want you
I can't live a lie
Running for my life
On the mountainside
I will endlessly want you
I came in like a winterball
I never hit so deep in my dawnless realms
All I wanted was to break
Your walls of ice
All you ever did was

Put you up high in the northern sky
And now you're not coming down
On the permafrost
It monstrosly turned to black
You let me freeze
And now we're ashes on the battleground

Now it's time to start a war?
I just wanted you to let the black spirits in?
And instead of using
Mesmerizing forces?
I guess I should have let the dying sun descend!!!

I came in like a winterball
Yeah I closed my eyes
In the mist of sing
Let me crouching in a blazing wind
I am invincible
