

In Grid, You promised me

You promised me
Just me and you
You promised me the moon and the
sun, the birds in the sky
You promised me a wonderful life, they were only lies
You promised me all diamonds and pearls that I never got
You promised me red roses and gold but soon you forgot

Chorus:

You promised me
Just me and you
You promised me I could be your queen and youd be my king
You promised me a white wedding dress, where is the ring?
You promised me your tender caress your kisses at night
So try to show it wasnt in vein coz Im wasting my time

Chorus:

You promised me
Just me and you
