

# India.Arie, Cocoa Butter

Your love is like cocoa butter on my heart  
Your touch is like cocoa butter on my heart  
Oh oh your kiss is like cocoa butter on my heart  
Oh, boy, you are like cocoa butter on my heart

My heart was bruised, that's what happens when you use it  
Ready for someone that turned it all black and blue it  
Been that way for so long the sight became familiar  
And then your love came in just like a natural healer

You've got a way of making it all okay  
You make it okay

Your love is like cocoa butter on my heart  
Your touch is like cocoa butter on my heart  
Oh oh your kiss is like cocoa butter on my heart  
Oh, boy, you are like cocoa butter on my heart

I show you my burns, you show me lessons learned  
I show you my scars, you show me works of art  
I show you a blemish, you show me God's not finished  
With every imperfection you showed me your blessing

You've got a way of making it all okay  
You make it okay

Cocoa butter on my heart  
Oh your love is like cocoa butter on my heart  
Oh oh your kiss is like cocoa butter on my heart  
Oh, boy, you are like cocoa butter on my heart

Rub it in, I know you missing more,  
You rub it in with your wisdom  
Oh, rub it in with a kind word  
When you rub it in your love because

Your love is like cocoa butter on my heart  
Cocoa butter on my heart  
Cocoa butter on my heart  
Cocoa butter on my heart

Won't you put some, cocoa butter on my heart  
Pharmacy they ain't got  
Down at the store they ain't got  
I looked and I can't find  
Oh baby, only you got it  
Said baby, only you got it  
Ain't never felt nothing like this oh oh

Cocoa butter on my heart  
Cocoa butter on my heart  
Cocoa butter on my heart  
Cocoa butter on my heart
