

Ingrid Michaelson, Love Is - feat. Jason Mraz

Home is wherever you are
You're the moon and the stars
And the sun to me
Home is wherever you are

Life it's just better with you
Let's just keep going
And going through and through
Life is just better with you

Lonely days are far away
Wherever together we just have forever
The only way to spend a day
Is simply to be here with you

Love is wherever you are
And I don't have to go very far
I'm home in your arms
Love is wherever you are
Love is wherever you are

At the end of the day
What I'll do
Is come home to you
Love is wherever you are
Home is wherever you are
Life is just better with you
