

Inna, Lonely

My ego's telling me to let it go
I say goodbye, I say, but no
And when my mind says, "yes", my heart is saying, "no"
It's such a chaos in my soul
I am just a lonely, lonely heart, I miss us
Quiet, lonely, sitting in dark, I see us
I'm closing every window of my heart, 'cause it's better
Better to let the best stay in the past, but still, I'm
I'm crying, crying, crying stuck in yesterday
And I'm lonely, lonely, lonely
Same old, same old different day
I'm crying, crying, crying, such a rainy day
And I'm lonely, lonely, lonely
Same old, same old, different day
I'm crying, crying, crying
And I'm lonely, lonely, lonely
I'm crying, crying, crying
And I'm lonely, lonely, lonely
Same old, same old, different day
You took my breath when you left me
You took my soul when I need it
You made me weak when you hurt me
You took me everything
I am just a lonely, lonely heart, I miss us
Quiet, lonely, sitting in dark, I see us
I'm closing every window of my heart, 'cause it's better
Better to let the best stay in the past, but still, I'm
I'm crying, crying, crying stuck in yesterday
And I'm lonely, lonely, lonely
Same old, same old different day
I'm crying, crying, crying, such a rainy day
And I'm lonely, lonely, lonely
Same old, same old, different day
I'm crying, crying, crying
And I'm lonely, lonely, lonely
I'm crying, crying, crying
And I'm lonely, lonely, lonely
Same old, same old different day
I am just a lonely, lonely heart
Quiet, lonely, sitting in dark
I'm closing every window of my heart, 'cause it's better
Better to let the best stay in the past, but still, I'm
I'm crying, crying, crying stuck in yesterday
And I'm lonely, lonely, lonely
Same old, same old, different day
I'm crying, crying, crying, such a rainy day
And I'm lonely, lonely, lonely
Same old, same old, different day
