

Inna, Nirvana

I got lost in a city
and no one about me
missing you on my body
baby I know we could be
could be more than amigos
I'll be good if you let me
911, I'm on fire
don't leave me lonely
911, I'm on Fire

Smoking nirvana
Ring the la-la-la
Smoking nirvana
Come on ring the la-la-la

started a flame inside my heart
Baby, don't ever put it out

Smoking nirvana
Come on ring the la-la-la

I got lost in this feeling
I got lost on Nirvana
Grab my hand if you feel it

Baby I know we would be
would be more than amigos

I'll be good if you let me

911, I'm on fire
don't leave me lonely
911, I'm on Fire

Smoking nirvana
Ring the la-la-la
Smoking nirvana
Come on ring the la-la-la

started a flame inside my heart
Baby, don't ever put it out

Smoking nirvana
Come on ring the la-la-la
