

Inna, Read My Lips (ft. Farina)

Baby, I don't hear whatcha saying (oh no)
Based a little loud, culo shaking (na na na)
We can make our own sign language
You know, you ain't messing with no basic
When I go oh oh oh, make me wanna oh oh oh, oh-oh
And If I'm throwing you a look
I'm hoping it's a little motivation
Read my lips
No, we don't need to do much talking
Let your eyes go, you gon' kiss
Can you tell what I'm thinking?
If you wanna know, baby, read my lips
We don't need to do much talking
Let your eyes go, you gon' kiss
Can you tell what I'm thinking?
If you wanna know, baby, read my lips
Baby read my lips
If you wanna know, baby, read my lips
Necesito tu agua
Llámame Sahara
Monto en tu camello mientras el cielo se aclara
Sé que es lo que quiero
I'm Chleopatra
Quiero governarte
Mi boca ahora es tu magia
Pide tres deseos que yo soy la genio
Quiero un faraón dentro 'e mi rico imperio
¿Que cómo lo hago? ese es mi misterio
Soy la faraona del nuevo milenio
Solo con mirarlo lo sabe e' míos (oh oh oh)
And If I'm throwing you a look
¿Qué es lo que quieres tú y que es lo que quiero yo? (Fariana)
Read my lips
No, we don't need to do much talking
Let your eyes go, you gon' kiss
Can you tell what I'm thinking?
If you wanna know, baby, read my lips
We don't need to do much talking
Let your eyes go, you gon' kiss
Can you tell what I'm thinking?
If you wanna know, baby, read my lips
Baby read my lips
If you wanna know, baby, read my lips
Oh oh oh, make me wanna oh oh oh, oh-oh
And If I'm throwing you a look
I'm hoping it's a little motivation
Read my lips
No, we don't need to do much talking
Let your eyes go, you gon' kiss
Can you tell what I'm thinking?
If you wanna know, baby, read my lips
Baby read my lips
If you wanna know baby, read my lips
Baby read my lips
If you wanna know baby, read my lips
