

# Inna, Solo

Give me a sign when you set up your mind  
Give me a sign when, ooh  
When you took a decision to be on my mind  
Give me a sign then (give me a sign then)  
You know I'll be there forever to guide you home  
Baby, I'm on your side, every time on your side  
Just one step at a time and we'll get it right, you know  
Baby, I'm on your side, your side  
Sing to me, dum-da-da-da  
Just sing your love to me again, your dum-da-da-da  
So, baby, you should know, da-da-da  
Don't wanna be alone again, your dum-da-da-da  
So, baby, I don't wanna be solo, ba-da-da-da-da  
Don't you leave me solo, solo, da  
I don't wanna be solo, ba-da-da-da-da  
Don't you leave me solo, solo, da  
Patience and time, that's how you're making it right  
I'll give you a time when (give you a time when)  
When you're ready to be both the rhythm and rhyme  
So give me a sign then  
You know I'll be there forever to guide you home  
Baby, I'm on your side, every time on your side  
Just one step at a time and we'll get it right, you know  
Baby, I'm on your side, your side  
Sing to me, dum-da-da-da  
Just sing your love to me again, your dum-da-da-da  
So, baby, you should know, da-da-da  
Don't wanna be alone again, your dum-da-da-da  
So, baby, I don't wanna be solo, ba-da-da-da-da  
Don't you leave me solo, solo, da  
I don't wanna be solo, ba-da-da-da-da  
Don't you leave me solo, solo, da  
Solo  
Solo, solo, solo  
Solo  
Solo, solo, solo  
Baby, I don't wanna be solo, ba-da-da-da-da  
Don't you leave me solo, solo, da  
I don't wanna be solo, ba-da-da-da-da  
Don't you leave me solo, solo, da
