

Inna, UP

Once upon a timew
There was a girl who made a wish
To find herself her love
And finally make the switch
Then yoou came around
You healed another stitch
And i am glad about that
I can finnaly make the switch

And i know
Yes, i know
Many would like to be in my shoes
And i know
Yes, i know
With you i got nothing to lose

When i am down
You can bring me up
Up, up, up, up
And when i am hurt
you know i don't need much
You can use this magic
When i am down
You can bring me up
Up, up, up, up
And when i am hurt
you know i don't need much
You can use this magic

You can use this magic
You can use this magic

I was running all the time
Babe, you came and slowed me down

It 'd me
Myself and you
Now levitating of fthe ground
And wehn yoiu came around
You healed another stitch
I was loist bot now you found me
I can dfuinally make the switch

And i know

And i know
