

INXS, Light The Planet

Oh yeah
Light it up

There's no love where
There's no life
Where it's dark
And we fuss and fight
We've gotta lighten up
We've gotta open up
Everybody
Gotta light the world up

Any man
Ain't that bad
Neither is
Being sad
We gotta let it out
Scream and shout
Letting go is
What it's all about

Well it's time to give
Be positive
Open up
Then you can live
Just check your motive
Make sure it's positive
In everything you do
There must be love

Gotta light it up
Light that world
Oh yeah

Here's the score
No more war
Just lots of love with
Open doors
To a higher realm
Where hate is sensitive
Remember open up and
Love one and all
You know what I'm talkin' about
Just gotta lighten up
