

# Iron Savior, Watcher In The Sky (Live)

I'm watching the mountains  
I'm watching the sea  
observing the creatures  
I am lost - set me free!

Across the heavens I made my way  
I've seen empires rise and blown away  
I have arrived my destiny  
but after all there's just emptiness in me

Out in the darkness - I am going mad  
Where are the others - there's silence in my head

'Cause I'm a watcher in the sky  
I've seen universes die  
Out in the cold my systems overload  
I'm here and lost in time  
Watcher in the sky - sky

I am trapped in this nightmare  
endless tortures and pain  
milleniums have gone by  
Uhhh, it drives me insane!

Who am I now?  
I'm not a man - I'm not machine  
I gave my life for it for the Iron Savior dream  
'Cause I'm a watcher in the sky...

Hooked - hooked to the circuits  
of a lifeless, cold machine  
Lost in a world of artificial means  
Ripped - ripped out of my body  
I'll stand the test of time  
Am I perpetual - Am I devine?

I'm the watcher in the sky  
My soul has drowned  
in the tears I cannot cry  
I'm the watcher the chosen one  
but I am lost in time  
I'm the watcher in the sky  
I've seen the years gone by  
I am the choosen one  
out in the cold my systems overload  
I'm here and lost in time  
Watcher in the sky - sky  
watching the mountains  
watching the sea  
watching the creatures  
You'll never be free  
Watcher in the sky - sky
