

Ivs Alter, Coming up

I'm breathing fire
Fame it's a liar
I'm lost in the wilderness
Chasing the highest trash
I'm waking up
I'm seeing shadows
In their eyes

Oh, getting higher
I Coming up
I Coming up
Love is desire
I Coming up
I Coming up

Time is scarifies
Lost in the night
I need, I need to see
This is the destiny
I won't give up
I want of show them what I've got

Oh, getting higher
I Coming up
I Coming up
Love is desire
I Coming up
I Coming up

I just wanna feel this
I just wanna breath this
I just wanna touch that
I just wanna leave this
/2x

Oh, getting higher
I Coming up
I Coming up
Love is desire
I Coming up
I Coming up

I Coming up
I Coming up
