

# Iza Lach, Off The Wire

I put off the gin to other night,  
I was doing real good, just feeling with vibe  
I came to the party but with different kind of action.  
The next thing you know I was on the throne of Michael Jackson.  
I was thrown off my feet, got tired  
Baby got me thinking, you know it was off the wire.  
Baby got me thinking, it was off the wire.

Come on I feel so bad, I've fought it for a way out of this situation  
And I feel vibration under my feet.  
I couldn't stand of things I have to say  
Without hesitation.  
When I'm on the dance floor, I saw you here  
Moves were so indescribable  
I've never seen a man with the confidence like you  
My God, I wanna know everything till you disappear  
Tell me something about you.

I put off the gin to other night,  
I was doing real good, just feeling with vibe  
I came to the party but with different kind of action.  
The next thing you know I was on the throne of Michael Jackson.
