

Izabela Trojanowska, Animal song

In this jungle land
We have become men.
Gardens free and wild
To mother nature's child

Oh, oh, oh

We are animal
Every time we speak
Raz, dwa, trzy
The sense is so unique
Human nature's vain
As violent nature's game

Oh, oh, oh

We are animal
Only animal
Still just animal
Always animal

Looking backwards now
To evolutions course
Back from gardens
Into this jungle
