

Jack Greene, If It Ain't Love (Let's Leave It Alone)

If it ain't love then let's don't even let it start let's leave it alone
If it ain't love then let's don't temp our foolish hearts let's leave it alone

Happiness is free just like a rolling stone and only love can make it stay at home
Feelin's have a way of mixin' right with wrong if it ain't love let's leave it alone

If it ain't love...

[fiddle - guitar]

Togetherness can fade like the music of a song

It comes and goes like the breaking of the dawn

How could we hang on to something that was gone if it ain't love let's leave it alone

If it ain't love...

If it ain't love...

Leave it alone leave it alone
