

Jack Ingram, Goodnight Moon

W. Kimbrough/G. Owen

Goodnight moon, goodnight stars
Goodnight old broke down cars
Im going away, Im leaving soon
Goodnight darlin
Goodnight moon
I dont know where Ill be
And I dont know if Ill see
Out the window of my room
Shining down
Goodnight moon
Thank you Im gonna miss you
When the night comes round
Thats when I long to kiss you
When the moon shining on the ground
Goodnight moon, goodnight stars
Goodnight old broke down cars
Im going away, Im leaving soon
Goodnight darlin
Goodnight moon
