

# Jack Off Jill, Devil With The Black Dress On

Wash off those scabs dear  
or fingernail pick them clean  
Pray to all your long lost demons  
and justify your means

Devil has a new shape  
Devil has a new ride  
Devil has a problem but he locks it up inside  
Shit angel

Kids sure like the devil these days  
and I'm the devil with the black dress on  
Do you want to own me angel  
cause I own you now you're gone

Kids sure like the devil these days  
and I'm the devil with the black dress on  
Do you want to hate me angel  
cause I hate you now you're gone

Did you believe it cause I said so  
Did you believe it was true  
Did you believe it cause I said so angel  
I sure lied to you

Did you believe it cause I said so  
Did you believe it was true  
I'm eternal and infernal and I sure lied to you  
Shit angel

Kids sure like the devil these days  
and I'm the devil with the black dress on  
Do you want to own me angel  
cause I own you now you're gone

Kids sure like the devil these days  
and I'm the devil with the black dress on  
Do you want to hate me angel  
cause I hate you now you're gone

Good girl with the black eyes  
Believe in future past  
Everything that I want happens  
See how long that lasts

Devil has a hot ride  
Devil high on speed  
Devil has a black dress  
So her arms can bleed

Kids sure like the devil these days  
and I'm the devil with the black dress on  
Do you want to know me angel  
cause I know you now you're gone

Kids sure like the devil these days  
and I'm the devil with the black dress on  
Do you want to hurt me angel  
cause I'm hurting now you're gone

Go go go gone  
Go go go gone  
Go go go go go go go  
Gone
