

# Jack White, Taking Me Back (Gently)

I'll bet you do  
When you take out the figures  
And when you pull all the triggers,  
Well you're taking me back  
You're taking me back

When you listen to mystics  
As you lay at your picnics  
You're taking me back  
You're taking me back

I'll bet you do  
But not for long  
I'm alone  
I'll bet you do

When i am down on trhe floor  
You will see  
Taht no one will notice me  
It's braking my back  
braking my back  
when you drop the mail off to me  
and make us both coffee  
are you taking it back?  
Are taking me back?

I will be you do  
But not for long

I will bet you do feel alone  
But nopt for long

I'll breakimg me back  
I'll breakimg me back

When you forgive te friction  
And you talk about christmas  
Are you taking mty back  
Traking my back?
