

Jackie Lomax, Free At Last

Well I knew that my leaving would hurt you
But I carried you with me in my heart
One of these fine days
I will reconcile the past
When my soul is free at last
When my soul is free at last

Well you knew that my spirit was restless
And my heart resided in another land
Now when we meet again
I'm sure we'll have a blast
When my soul is free at last
When my soul is free at last

Well we knew that our love was ending
You gave me the freedom to depart
Maybe the next 25 years
Won't go on by so fast
When my soul is free at last
When my soul is free at last
