

Jackie Lomax, Spank Yourself

She got the long legs
And a strong head on her shoulders
She got the tight skirt
You know the kind that can hurt your eyes

You oughta spank yourself (or let me do it)
You oughta spank yourself (or let me do it)
You oughta spank yourself (or let me do it)
Till I think I had enough

She got the high heels
Make you feel like a schoolboy again
She got the full breast
She always looks her best to me

You oughta spank yourself (or let me do it)
You oughta spank yourself (or let me do it)
You oughta spank yourself (or let me do it)
Till I think I had enough

She got the snake-hips
And the juicy lips you wanna kiss
She got the perfect butt
I don't know where to put my hands

You oughta spank yourself (or let me do it)
You oughta spank yourself (or let me do it)
You oughta spank yourself (or let me do it)
Till I think I had enough
