

Jackson Wang, Come Alive

Ooh ooh ooh oooooh ooh oooooh
Ooh ooh ooh oooooh ooh oooooh
The walls are falling again
I hear you calling my name
I want you
You're the match and the flame
Oxygen to the brain (yeah)
I want you

You already know
The way you turn it on you're so electrical
Come on

I come alive
You start me up a million times
And I'm terrified
That you could leave me crying

Ooh ooh ooh oooooh ooh oooooh
Ooh ooh ooh oooooh ooh oooooh
Ooh ooh ooh oooooh ooh oooooh
Ooh ooh ooh oooooh ooh oooooh

Look I need you around
Got my head in the clouds
Come over
It's a quarter past two
I'm staying up for you
Just to hold ya

You already know
The way you turn it on you're so electrical
Come on

I come alive
You start me up a million times
And I'm terrified
That you could leave me crying

Ooh ooh ooh oooooh ooh oooooh
Ooh ooh ooh oooooh ooh oooooh
Ooh ooh ooh oooooh ooh oooooh
Ooh ooh ooh oooooh ooh oooooh
