

# Jacob Zaborski, Emotions (feat. Piotr Szumlas)

Closed eyes, falling tears  
Different things about my situation  
Beating heart  
Screaming whisper  
What shall I do with my life?

I hate myself,  
Show me the ray of hope  
Open the window  
Take me to the limbo  
Don't give me your emo  
People say I'm an error  
I see my soul in the mirror  
And now you feel my emo

Bright clouds, pleasant sounds  
Something that makes me happy  
No guarantee  
Please, help me  
Why did you leave me alone?

I hate myself,  
Show me the ray of hope  
Open the window  
Take me to the limbo  
Don't give me your emo  
People say I'm an error  
I see my soul in the mirror  
And now you feel my emo  
Emo

You're still talking  
And trust me too much  
Believe in yourself  
Can you hear me now?

Open the window  
Take me to the limbo  
Don't give me your emo  
People say I'm an error  
I see my soul in the mirror  
And now you feel my emo
