

Jacob Zaborski, Nature (feat. Piotr Zygma)

The rays of the sun reflecting off the sky
Spider creates its web
Nature wakes up
And We are still in hurry

So stay on my way
Let me enjoy this day
I wanna be out of thoughts
Which break me down

Daisies bloom everywhere
Raindrops streaming down the leaves
Do not rush
And listen to the voice of heart

So stay on my way
Let me enjoy this day
I wanna be out of thoughts
Which break me down
