

# Jacob Zaborski, Nature (feat. Piotr Zygma)

The rays of the sun reflecting off the sky

Spider creates its web

Nature wakes up

And We are still in hurry

So stay on my way

Let me enjoy this day

I wanna be out of thoughts

Which break me down

Daisies bloom everywhere

Raindrops streaming down the leaves

Do not rush

And listen to the voice of heart

So stay on my way

Let me enjoy this day

I wanna be out of thoughts

Which break me down
