

Jaden Smith, Plastic

shoot the glock
don't even talk to me
they need to water me
I need it all for free
landlines
stand by
roll the bands
make 'em fly

let's go
last time, ran outta plastic
do a backflip, gatymnastic
every time I spit go platinum
open up my mouth
I go platinum
whip with the wings like Batman

rollin' all over Manhattan
bleck teeth
I don't even know what happened
