## Jadon Lavik, Nothing Compares

Everything right
Everything beautiful is you
The good that I am
Is just a reflection of you too

Even the best this world can do Will never be close to what Ive found in you

Nothing I have compares to you Nothing I have compares to you, to you

Im seeking your light Shine through my life and lead the way Come help me stand Against the distractions of the day

Even the best this world can do Will never be close to what Ive found in you

Nothing I have compares to you, to you Nothing I have compares to you, to you Nothing I have compares to you, Lord to you No Nothing I have compares to you, to you

Ive searched this world far and wide And found the truth thats changed my life These things I buy these things I do None can take the place of you

Nothing compares, no nothing compares

Nothing I have compares to you, no nothing Nothing I have compares to you, to you Nothing I have compares to you

Lord to you, to you, to you Lord nothing compares To you, to you, to you Lord nothing compares
