

# Jaheim, Love Is Still Here

I sing this song to remind me of a Love  
I wish I knew then what I should have known a long time ago  
Love is not a game  
That you play  
To win or lose (no baby)  
Only if I knew then what I know now  
You'd still be mine (o yeah)  
But we can work it out  
Without a doubt  
Cause love is still here  
Because my love is still here
