

Jaime Jamgochian, Hear My Worship

Here, as I worship You
I long to be more honest
Long to be more free

I, long to be more real
Long to be transparent
As you see my true intentions

Beyond this bended Knee
Beyond the words I speak
Beyond the songs I sing
Hear My Worship
All that my heart can bring
This is my offering
Jesus my Holy King
Hear my worship
Hear my worship

I long to have more faith
I long to be more faithful
Here before Your throne

I wait to see Your face
Awaiting in your presence
Waiting just for you to hear me
