

# Jaimeson, Anything At All

There you go again,  
Looking like somethings on you mind but you wont let me know,  
Always be your friend,  
But lately you dont seem quite yourself and hide behind a show,  
But i no different,  
I wont let you fall, no  
Coz i am here if you need me, need me, need me  
And when your ready you can...

Say what you want,  
Say what you feel,  
You can say anything you want at all,  
Say what you want,  
Say what you feel ,  
You can say anything you want at all,

Whats been going on,  
We used to talk about the things that you had on your mind,  
Wheres your smile gone?  
Ill leave it to you to choose the time whenever you decide,  
Yes, ill be patient, i wont let you fall, no  
Coz i am here if you need me,need me,need me  
And when your ready you can....

Say what you want,  
Say what you feel,  
You can say anything you want at all,  
Say what you want,  
Say what you feel ,  
You can say anything you want at all,

Say what you want,  
Say what you feel,  
You can say anything you want at all,  
Say what you want,  
Say what you feel ,  
You can say anything you want at all,

I feel you falling,  
Dont go so far - that i cant reach,  
If theres a change you can make it,make it ,make it  
And when your ready you can...

Say what you want,  
Say what you feel,  
You can say anything you want at all,  
Say what you want,  
Say what you feel ,  
You can say anything you want at all,

Say what you want,  
Say what you feel,  
You can say anything you want at all,  
Say what you want,  
Say what you feel ,  
You can say anything you want at all,
