I wanna hear your breath just next to my soul
I wanna feel the breasts without any rests
I wanna see you sing, I wanna see you fight
Cause you are the real beauty of human rights

Gare gare
Makes my body dance for you!

Nobody can be the Mama Africa
You follow the beat that She's gonna give you
I little smile you can love
Make it go, the [?] of a thousand more

Uuṭi, Uuṭi

Gare gare
Makes my body dance for you!
