

# Jake Bugg, All I Need

Call me cynical, but original  
Tryin' to fit into a world that's so digital  
Came to let you know  
I left the Pidgeon hole  
Now I gotta find an Edge can't let it go

I don't think twice  
Cos I know my mind  
This could be our time  
Tonight just feels so right

All I need  
I don't let me down  
It don't let me down  
All I need  
And I don't let me down  
It don't let me down  
Tell me where the fight is  
Tell me where the high is  
Can you hear me now, can you hear me now?  
Tell me where the fights is  
Tell me where the high is  
Can you hear me now, can you hear me now?

I know who you are and I am never wrong  
I believe you're nothing if you think that you are someone  
Just try and realise that you don't have to lie  
Everybody's trying to live just one day at a time

I don't think twice  
Cos I know my mind  
This could be our time  
Tonight just feels so right

All I need  
I don't let me down  
It don't let me down  
All I need  
And I don't let me down  
It don't let me down  
Tell me where the fight is  
Tell me where the high is  
Can you hear me now, can you hear me now?  
Tell me where the fights is  
Tell me where the high is  
Can you hear me now, can you hear me now?
