Step out the door 2 a.m yesterday  
Me and my friend keeping the night aflame  
And as we're walking in the clear night blind?  
Two guys come up and take him out of sight  
All/for i know is one thing  
He takes his money and they run and all i can do is watch them go  
His hands are round his nose  
His blood is on his clothes

What doesn't kill ya  
What doesn't hurt  
Sometimes you feel you're up against the world  
What doesn't kill ya  
What doesn't break  
This life it seems  
To bring you to your knees  
You try you bleed then finally you breathe

She was the dream that kept me up at night  
I couldn't face the world without her eyes  
I never knew it till she disappeared  
My life would be a bunch of souvenirs  
All/for I know is what it is her heart she doubles up  
She packs her bag and then she runs and all I can do is watch her go  
I've lost all I own

What doesn't kill ya  
What doesn't hurt  
Sometimes you feel you're up against the world  
What doesn't kill ya  
What doesn't break  
This life it seems  
To bring you to your knees  
You try you bleed then finally you breathe

What doesn't kill ya  
What doesn't hurt  
Sometimes you feel you're up against the world  
What doesn't kill ya

What doesn't break  
This life it seems  
To bring you to your knees  
You try you bleed then finally you breathe
