

# Jake Isaac, Broken Pieces (feat. Joss Stone)

I know you'll never even hear this  
But I wrote it anyway  
I'm sick and tired of this feeling  
But I need you to stay

How long will it take for us to get to the place  
When we love how they love in the movies?

I hate the way that we argue  
It's like the world's at war  
Every word, another heartbreak  
But our pride doesn't fall

How long will it take for us to get to the day  
When we love how they love in the movies?

What's it all a mistake?  
Do we even have what it takes?

We're falling piece by piece by piece  
So hopeless, we can't get up and leave  
Don't know how this works  
Two diamonds covered in dust  
In broken pieces

You say the same thing in secret  
Would we be better off apart?  
Then we realise we're bleedin'  
Cupid's arrow hit the mark

Oh, it hurts, how it hurts  
When real love doesn't work

We're falling piece by piece by piece  
So hopeless, we can't get up and leave  
Don't know how this works  
Two diamonds covered in dust  
In broken pieces

Feels like falling, like falling (I feel we're falling)  
Like falling, don't wanna know

We're falling piece by piece by piece  
So broken, we can't get up and leave (Can't get up and leave)  
Don't know how this works (I don't know how)  
Two diamonds covered in dust  
In broken pieces
