

Jamelia, La La Love

Tie all our memories on a string
I see them disperse in the wind
I thought I was so clear back then
bout how much you meant
meant everything

What makes three words so hard to say
what difference does admitting make
you walked and yet I could not speak
I wonder why, cause baby I

Chorus:

La la love you now with all my heart
thats all Ive ever done

la la love you like I never before
loved another man

and I should have said
instead Im here telling the moon

I la la love you

la la la

I know the hurt and anger
make you play down the way we were

like youre talking to a stranger

but it breaks my heart

it breaks my heart

Cause by God I swear

my love went nowhere

it was always here

Its just I never told ya

but I failed to show

what you should have known, that I

Chorus

By God I swear

my love went nowhere

it was always here

Its just I never told ya

but I failed to show

what you should have known, I
