

James Arthur, Empty Space

I don't see you
You're not in every window
I look through
And I don't miss you

You're not in every single thing I do
I don't think we're meant to be
And you are not the missing piece

I won't hear it
whenever anybody says your name
and I won't feel it
even when I'm bursting into flames
I don't believe that I was blessed
I'm probably lying to myself again

I'm alone in my head
looking for love in a stranger's bed
but I don't think I'll find it
cause only you could fill this empty space
I want to tell all my friends
but I don't think they would understand
it's something I've decided
cause only you could fill this empty space

space, space
this empty space
space, space
this
cause only you could fill this empty space

I've been drinking
I've been doing things I shouldn't do
overthinking
I don't know who I am without you
I am a liar and a cheat
I let my ego swallow me
and that's why I might never see you again

I'm alone in my head
looking for love in a stranger's bed
but I don't think I'll find it
cause only you could fill this empty space
I want to tell all my friends
but I don't think they would understand
it's something I've decided
cause only you could fill this empty space

space, space
this empty space
space, space
this
cause only you could fill this empty space

I couldn't make you love me
I couldn't make you love me
I couldn't make you love me
I couldn't make you love me
I couldn't make you love me
I couldn't make you love me
I couldn't make you love me

I couldn't make you love me
space, space

I couldn't make you love me
I couldn't make you love me
I couldn't make you love me
space, space
I couldn't make you love me
I couldn't make you love me
