

# James Arthur, Free Falling

Maybe I'm free falling  
Maybe I'm out of time  
Tell me I'm worth something

Maybe they're right about me  
Maybe I've lost my mind  
Only you give me the wings to fly  
Why don't you save me from myself tonight

You know Jenny down the roads got a new love  
And Jimmy got the job like you said he would  
Let's see how long it lasts cause we know what they're like  
I'm falling through the cracks as I watch the world go by  
With my head against the glass like a jealous guy

Maybe I'm free falling  
Maybe I'm out of time  
Tell me I'm worth something

Maybe they're right about me  
Maybe I've lost my mind  
Only you give me the wings to fly  
Why don't you save me from myself tonight  
Why don't you save me from myself tonight

Maybe I'm free falling  
Maybe I'm out of time  
Tell me I'm worth something

Maybe they're right about me  
Maybe I've lost my mind  
Only you give me the wings to fly  
Why don't you save me from myself tonight
