

# James Arthur, Nobody (ft. Martin Jensen)

dressed up all nice  
there is no one to impress  
standing in lines  
till I smell like cigarettes  
I don't know why  
my friends are so obsessed  
with staying out till we're sober  
wasting money on regret

I lost my jacket  
about to lose my mind  
cause it's 5 am  
and I got work at 9  
I am all alone  
heading for the exit signs  
from the minute that I saw you  
I started thinking twice

there's something about you  
you steal the room  
I can't believe I've never seen nobody  
nobody like you  
I'm freaking out just  
tryna play it cool  
I can't believe I've never seen nobody  
nobody like you

nobody, no nobody like you  
nobody like you  
nobody, no nobody like you  
nobody like you  
nobody, no nobody like you  
nobody like you  
nobody, no nobody like you  
nobody like you

fucking it all stay  
till I'm the last one left  
for one chance to say  
you're different than the rest  
no we're ace to face  
trying to get it off my chest  
the lights are going out here  
wanna come to mine instead?

there's something about you  
you steal the room  
I can't believe I've never seen nobody  
nobody like you  
I'm freaking out just  
tryna play it cool  
I can't believe I've never seen nobody  
nobody like you

nobody, no nobody like you  
nobody like you  
nobody, no nobody like you  
nobody like you  
nobody, no nobody like you  
nobody like you  
nobody, no nobody like you  
nobody like you

there's something about you

toy steal the room  
I can't believe I've never seen nobody  
nobody like you  
I'm freaking out just  
tryna play it cool  
I can't believe I've never seen nobody  
nobody like you

nobody, nobody like you  
nobody, nobody like you  
nobody, nobody like you  
I don't know nobody like you  
nobody, nobody like you  
nobody, nobody like you  
nobody, nobody like you  
I don't know nobody like you
