

James Bay, Peer Pressure (ft. Julia Michaels)

Seven texts, 2AM
Halfway dressed, they're all saying call me up
You can't sleep, you're testing me
Bad but sweet and I'm just tryna keep it together
And now you're sayin'

put your hands on my body
just like you think you know me
want you hart beating on me
don't leave me hot and lonely
I don't usually give in to peer pressure
but I give in to yours

when we met, in cent
now I;m dead every time
you're touchin' me

yu dancing around on my mind every second
I;m under control to you in front of me
maybe I am scared
I don't care
I am addicted
I am in it
are you say

put your hands on my body
just like you think you know me
want you hart beating on me
don't leave me hot and lonely
I don't usually give in to peer pressure
but I give in to yours

so I give yoy my everything and you keep on teasing
with that look in your eyes
cause you know I believe it
I don't usually give in to peer pressure
but I give in to yours
I give in to yours

when we met, in cent
now I;m dead
and you sayin'

put your hands on my body
just like you think you know me
want you hart beating on me
don't leave me hot and lonely
I don't usually give in to peer pressure
but I give in to yours

so I give yoy my everything and you keep on teasing
with that look in your eyes
cause you know I believe it
I don't usually give in to peer pressure
but I give in to yours
I give in to yours
