

# James Blunt, 5 Miles

it's a shame  
that i nebver seen your face again

we're both strangers  
but i am kinda like hoping maybe  
that could change

yeah  
well  
I hope  
I don't sound out of place  
and maybe you will think  
it's crazy

you look amazing  
so I'll say it straight

I've got real fast car  
whit the keys in  
and I'm just 5 miles from a feeling  
so when your red lights go turning green  
then if you say  
you're coming whit me  
I'll take you there

I'll take you there  
we just 5 miles from a feeling
