

James Blunt, Cold

it's been lonely
trying get your attention from a thousand miles away
and you know me
always overthinking te worst possibilities
we both know
in between you and me
there's an ocean
castaway in a sea and it's frozen
I am exposed
can't you see
all I need is a little warmth

without your arms around me
without you on my skin
without you on my body
I am sorry /2x
I don't mean to be desperate
or pretend that I am not torn
but I don't want to let go of the things that keep me warm
without you I am just cold /2x

I built a little boat with a sail from the memories
I've been collecting
and I'll hold out for the wind to blow me
take me home the whole way
in your direction
in between you and me
there's an ocean
castaway in a sea and it's frozen
I am exposed
can't you see
all I need is a little warmth

without your arms around me
without you on my skin
without you on my body
I am sorry /2x
I don't mean to be desperate
or pretend that I am not torn
but I don't want to let go of the things that keep me warm
without you I am just cold /2x

and I need a little fire and you're my gasoline
light me up
I'm burning
with all these things I feel
I'll always hold this flame for you
but it's naked on the breeze
so let me in
don't lock me out
or cast me out to sea

without your arms around me
without you on my skin
without you on my body
I am sorry /2x
I don't mean to be desperate
or pretend that I am not torn
but I don't want to let go of the things that keep me warm
without you I am just cold /2x
