

# James Blunt, Halfway (feat. Ward Thomas)

nobody drives to the middle of nowhere  
just to turn around, turn around  
nobody sleeps in the middle of the bed  
when they got someone else, someone else,  
and nobody walks up the stairs to hell  
just to walk back down

cause it's there or it's not  
it's heartbreak or it's love  
there's no such thing as halfway  
you're in or outta luck  
we made it or we lost  
there's no such thing as halfway

nobody searching for the middle of the rainbow  
to find the gold, to find the gold,  
nobody sails to the middle of the ocean  
and calls it home, and calls it home,  
and nobody stands in the middle of a dark floor to dance, to dance

cause it's there or it's not  
it's heartbreak or it's love  
there's no such thing as halfway  
you're in or outta luck  
we made it or we lost  
there's no such thing as halfway

so here are in this halfway house  
there's no way in and there's no way out  
if you stay or if you go  
I don't care, just let me know  
if you feel it?  
do you feel it?

cause it's there or it's not  
it's heartbreak or it's love  
there's no such thing as halfway  
you're in or outta luck  
we made it or we lost  
there's no such thing as halfway
