

# James Blunt, Sugar-coated

I'm on a bus. I'm in a rush.  
I would catch a cab, but I'm not that fussed.  
Another day. Another dime.  
I know some might say, that I'm wasting time.  
And then at night, another fight,  
And I don't know what it means but I'd never cause a scene.

I'm gonna make today sugar-coated.  
I'm gonna get so high I'm lying here on the floor.  
It's time these shoes of mine were fully loaded.  
It's time to sit back and smile.  
I've had a smoke and it's been a while.  
It's been a while.

Hello dawn. It's good to be.  
Did I pay for the girl lying next to me?  
I had a love, but little luck.  
I don't bleed any more 'cause my heart's been crushed.  
And now I'm free - lucky me.  
Yeah my girlfriend was a bore, she don't love me anymore.

I'm gonna make today sugar-coated.  
I'm gonna get so high I'm lying here on the floor.  
It's time these shoes of mine were fully loaded.  
It's time to sit back and smile.  
I've had a smoke and it's been a while.  
It's been a while.

A little hush. A little rush.  
I guess now we'll see, if I'm big enough.  
Finally it's only me.  
Things will never be the same. There's no living life again.

I'm gonna make today sugar-coated.  
I'm gonna get so high I'm lying here on the floor.  
It's time these shoes of mine were fully loaded.  
It's time to sit back and smile.  
I've had a smoke and it's been a while.  
It's been a while.
