

# James Hype, Ferrari (feat. Miggy Dela Rosa)

Can I be honest?  
I still want your hands up on my body  
You still make my heart beat fast, Ferrari  
With me in the wave but in the morning  
Do you still want me?  
Can I be honest?  
I still want your hands up on my body  
You still make my heart beat fast, Ferrari  
With me in the wave but in the morning  
Do you still want me?

Do you still want me?

Can I be honest?

Do you still want me?  
Want me

Can I be honest?  
I still want your hands up on my body  
You still make my heart beat fast, Ferrari  
With me in the wave but in the morning  
Do you still want me?  
Can I be honest?  
I still want your hands up on my body  
You still make my heart beat fast, Ferrari  
With me in the wave but in the morning  
Do you still want me?

Can I be honest?

Can I be honest?  
I still want your hands up on my body  
You still make my heart beat fast, Ferrari  
With me in the wave but in the morning  
Do you still want me?
