## Jamie Cullum, My Yard

so hail a taxi cab and come around here and i will meet you right outside. i got some DVDs and a couple of beers, if you want to, we can stay up all night. it's nothing fancy, just a little couch and me and conversation for your mind. so let's explore all the possibilities of the things that we both talked about last time.

## chorus:

take a trip to my yard don't you know the grass is greener on the other side? take a trip to my yard don't you know the love that you've been dreaming of is mine?

i'll be your neighbour at the other end of town and the benefits you soon will find. so let's enjoy the fact that we're on our own and we will answer to nobody else this time. tonight might be nothing but the moon and me any time that we take the script and flip it baby take a trip to my yard

## chorus:

take a trip to my yard don't you know the grass is greener on the otherside? take a trip to my yard don't you know the love that you've been dreaming of is mine?
