

# Jamiroquai, Everybody's Going To The Moon

Kick that switch and Hyper-Zoom! X4  
I've got a one way ticket, yeah,  
To a distant galaxy.  
I'll take a rocket to the stars, to,  
escape catastrophe!  
See time is tickin' on and on and on and on,  
And life's in short supply.  
So send me on a no-return trajectory,  
'cause everything I know, is going to die!

CHOURS

Let's travel to a beautiful new world,  
Leave this world behind.  
Everybody's going to the moon.  
I'd like to stay a little bit longer, but,  
I've seen all the signs.  
Everybody's going to the moon.  
Everybody's going to the moon.  
I've got a one way future,  
Apocalypse and Doom.  
So I need a destination,  
Hope I get there soon.  
The whole night I prayed  
And soon I will be done,  
So we're to make this journey  
far beyond the stars and leave behind  
the distant love of my unsetting sun

CHOURS

I'm gonna take the exodus to the stars,  
To find another home,  
Search the universe for Xanadu,  
'Scuse me while I leave in a hurry, but,  
I'm running out of time,  
Ain't you heard?
