

# Jamiroquai, Feel So Good

Feels good  
Im stranded on a spaceship hideaway  
And something makes me think Im here to stay  
Im so happy where I am  
Feels good  
Ive journeyed to the other atmospheres  
And every breath I take just makes it clear  
Im holding heaven in my hands  
Its automatic baby and it feels good  
And it feels so good  
Feels good  
And it feels so good  
Feels good  
These extra-sensory sensations  
Are causing me some complications  
Electrostatic information  
Feels good  
Im playing with a pleasure trafficker  
Arriving soon, intergalactica  
Im holding heaven in my hands  
Its automatic baby and it feels good  
Feels good  
And it feels so good  
Feels good  
Im stranded on a spaceship hideaway
