

# Jamiroquai, Where Do We Go From Here?

That's the way love goes  
When it turns you inside out and then it blows  
You to places unfamiliar, yeah

Let me tell,  
I'm hot for you, you're so hot for me  
So get on girl, come on, come on, come on, come on  
I'm hot for you, you're so hot for me  
So get on, I wanna get it on with you  
I'm sending you a message  
I hope you got the sense to read between the lines  
You know that on the back it says that  
For me you never seem to find the time  
Come on, I've waited for your phone calls  
But you must be uptown having fun  
And when you do that thing you do  
I get so excited too  
But you never think to ask me if I want to come with you

So honey,  
Where do we go from here?  
You know baby, I been trying to find out  
but I'm still some way from knowing [you know I am, come on]  
It's not exactly clear  
The love you should be giving me with the love you really show  
That's the way love goes

That's the way yeah  
That's the way it goes for me and you  
Come on, let me tell you

I feel you pushing me out,  
And soon I'm gonna lose my patience girl  
Can't understand what you're about  
'Cos there's no communication  
Oh, you say you love to love me, love to love me,  
But you always keep your distance  
So honey, strike me off the list,  
if your love comes with a twist  
cos I want the pop that lingered on my lips when we first kissed  
oh, do you love me?  
If you do, tell me something, better make it true  
Do you love me?  
I need to know  
Now Baby can't you tell me where we're gonna go' oh

where do we go from here?  
I been trying to find out but im still some way from knowing  
Hey Its not exactly clear, no no  
The love you should be giving me with the love you've really showing  
That's the  
That's the way love goes!  
And its taken us, where we don't know  
So lets go move straight on ahead...
