

Jan Leyers, Dont Make Me Miss You

Girl I could brag about
How it's all good without you here
But I give myself away
When you look into my eyes
And see these tears
I never thought I'd cry
Tell me we can unsay goodbye

Don't make me miss you anymore
Don't leave me dying
When I know you've got the cure
Don't make me miss you anymore
I couldn't be the foolish me I was before
So don't make me miss you

I've always been above
Begging anyone for love but now
I gladly trade my pride
To open up the door that I walked out
Baby, let me in
I need your arms around me again

Don't make me miss you anymore
Don't leave me dying
When I know you got the cure
Don't make me miss you anymore
I couldn't be the foolish me I was before
So don't make me miss you
If you take me back
This broken heart is yours

These tears ain't gonna dry
Till you tell me we can unsay goodbye

Don't make me miss you anymore
Don't leave me dying
When I know you've got the cure
Don't make me miss you anymore
I couldn't be the foolish me I was before
So don't make me miss you
If you take me back
This broken heart is yours
